AOG Inc, Announces Appointment of Craig Rose as new Vice President of Operations

Dallas, TX, July 1, 2009 – Effective immediately, AOG Inc. (AOG Tank Tigers) is pleased to announce the appointment of Craig Rose to Vice President of Operations.

Mr. Rose has played a vital role in AOG's success over the last 18 years. He began his career with AOG in June of 1991 and throughout his tenure was promoted to various leadership positions including Lead Mechanic, Supervisor, Facility Manager, and Director of Operations.

Mr. Rose also continues to exhibit outstanding leadership skills and has exceeded expectations in implementing important cost control measures in responding to the economic challenges we currently face. His demonstrated technical expertise, people skills, and customer-oriented attitude ensures that AOG will remain a global leader in aircraft fuel system maintenance.

Please join me in congratulating Craig in his new role and in supporting his ongoing efforts in making sure AOG continues to be the best at what we do.

About Aircraft on Ground (AOG), Inc., - Tank Tigers

AOG Inc. is Taurus Aerospace Group Company, focused on integral and flexible fuel cell repairs for commercial, corporate and military platforms. With over 25 years of experience, AOG has dispatched crews around the world for programs including structural repairs / modifications, fuel system maintenance repairs / refurbishment programs and overall program management. In-house flexible fuel cell repair capabilities coupled with fuel cell sales complement base and line maintenance activities. AOG has extensive certifications including: multiple FAA Repair Stations, EASA and ISO9001. Please contact us at 214-350-5334 or our website, www.aoginc.com.
