FOR IMMEDIATE RELEASE

Buller New GM/VP Component Services at Aviation Technical Services

Everett, WA, March 16, 2010 – Effective immediately, Aviation Technical Services (ATS) is pleased to announce the appointment of Greg Buller to the newly created position of General Manager / Vice President of Component Services. Reporting directly to Matt Yerbic,

President, Buller is responsible for all ATS Component Services' operations with a focus on continuing growth and improving the efficiency of the business. Buller's career spans 35 years in Technical Operations developing Maintenance & Reliability Programs beginning with Regional Airlines in Canada. For the past 27 years, Buller has been with FedEx and held a number of senior leadership positions responsible for Maintenance Engineering & Reliability Analysis, Maintenance Planning & Scheduling, Liaison Engineering and Supply Chain Management for Air Operations.

About Aviation Technical Services

As a provider of maintenance, repair and overhaul (MRO) services for commercial and military transport jet aircraft, ATS' list of certification achievements include FAA Class IV Repair Station; Quality Management System AS 9110 and ISO 9001:2000; EASA Repair Station; and Bermuda DCA Approved Maintenance Organization. ATS' services include airframe heavy & medium checks & structural modifications, complete component MRO, paint such as narrow & widebody / corporate / fleet campaigns, defense drop-in & depot level MRO, and business jet interior refurbishment. ATS also performs specialty services and projects such as 737-300 Classic extreme makeover program, winglet installations on 737/757/767 aircraft, Boeing Business Jet (BBJ) interior installations and passenger to freighter conversions. www.atsmro.aero
